Meridian Syntax Capital™

Declared on: 2025-06-19

Declared by: admin@capitalgetter.com

System: Notion (internal timestamp + version history retained)

Version: v1 – First declaration of visual and structural mark. No retroactive edits permitted.

Purpose

This page declares **Meridian Syntax Capital™** and its abbreviation **Meridian Syntax™** as the **official identity layer** for all system-level business structure executions.

It functions as:

- Strategic orchestration entity for deployable income logic
- Anchor structure for visual identity and legal attribution
- Issuer identity for affiliated infrastructures such as Capital Getter™

These marks are not descriptive—they are system-linked commands.
